## Food Project Leaders Needed!

The 4-H Food Project is just around the corner and we are looking for Cooking Leaders and volunteers. The 4-H Food project will kick off on September 16th and each class will meet once a week for 6 weeks. If you have as much talent as Bobby Flay or Rachel Ray that is super awesome, but if you only know the basics that is just as good.

Anyone who is interested in helping or leading our 4-H cooking classes needs to contact Joanna Pack ASAP at 524-1421. You will get to choose what time and what age group to work with.

# National 4-H Week and One Day 4-H

October 3-9, 2010 is National 4-H Week and we have come up with a great idea to promote 4-H in Andrews County... a 4-H Open House! Details of this event are still being ironed out but we will need help from all our 4-H'ers to make this a success. Every day of the week we will have a display of our projects for our community to view and we will answer any questions they may have about what we do. We will end the week on Saturday the 9th, which is One Day 4-H. This day is set aside for all 4-H'ers across the nation to come together and do a community service to make a difference in our country. More details will be available in the next newsletter.

**Food Project  
Kick-Off is Sep-  
tember 16th at  
6:30pm at the  
Extension Office**

## FOOD AND NUTRITION PROJECT

The 4-H Food and Nutrition Project will have its kick-off on Thursday, September 16th at 6:30pm at the Extension Office. 4-H'ers who sign up for these cooking classes will learn food preparation techniques, food safety, nutrition

facts and budget-wise food shopping. The project will last 6 weeks (one class per week) and will end on November 6th at the 4-H County Food Show where they will compete against each other by

age group. The top winners will go on to compete at the District level. If you are interested in cooking or have questions about the project, please call Joanna at 524-1421
