# 2016 ANDREWS COUNTY MAJOR SHOW HANDBOOK

Hello all,

We have prepared this show guide to help you with the entry process and give you a quick reference guide. While every effort has been made for it to be accurate, **each shows premium catalog/web site is official**. Please be mindful that rules and dates may change after this book has been published. If you need further clarification I will be more than happy to answer any questions. You can also find each shows premium book on each shows web site. Please familiarize yourself and family with all the rules, dates and times. The livestock program in the state of Texas is unique in terms of its size and premium money that is paid. **By signing the entry blank you are agreeing to follow the rules of that show.** Failure to obey the rules can cause the exhibitor to be banned from that show as well as others. In addition, you will be forced to forfeit all premium money. In some cases, in the past, criminal charges have been brought against families who have broken certain rules.

For all state exhibitors, you must complete the Quality Counts Verification in order to enter livestock shows. The verification process requires that 4-H and FFA exhibitors have a base knowledge of the principles of quality assurance and good moral character, and take an online Quality Counts Verification test to obtain a Verification Number. Quality Counts curriculum should be used to teach 4-H and FFA members the importance of good character and ethical behavior in caring for and exhibiting animals and prepare exhibitors for the verification test. "Texas Trail", the online delivery component of Quality Counts can be found at: <http://agrilife.org/qualitycounts/>. Exhibitors that are 13 years of age or younger must take the test designed for junior level exhibitors. Exhibitors 14 years or older must take the senior level test. Exhibitors are only required to pass the appropriate age level test one time. 4-H exhibitors that are moving into the senior age group this year must take the senior level test to meet the requirements of the verification program. In addition, the Livestock Program Ethics Policy that you signed for each species at validation has been included for you reference.

Please use this booklet to visit with your teachers about when you will be absent from school. You should work with them ahead of time so that they can have your assignments ready prior to you being absent. We will request for excused absences and check eligibility for all livestock shows, however it is up to you, the exhibitor, to inform them of your absence and take care of business.

I am here to help you and be a part of your livestock project. If you have any questions or need assistance, give me a call. Good Luck with your project.

Sincerely,

Amanda Necessary

## 2015-2016 TEXAS 4-H/FFA LIVESTOCK PROGRAM ETHICS POLICY

(Updated April, 2015)

County Name: \_\_\_\_\_

This ethics policy applies to any 4-H/FFA member planning to exhibit animals at livestock shows in Texas. It includes Junior as well as open class exhibitors who compete in structured classes of competition. All classes of livestock offered at the livestock event are included: Cattle (Beef and Dairy), Goats (Angora, Boer, dairy, meat, Cashmere), Equine (Horses), Llamas and other specialty animals, Poultry, Rabbits, Sheep, Swine, and any other livestock classes offered. This "Texas 4-H/FFA Livestock Program Ethics Policy" will be enhanced with additional rules and guidelines which individual fairs and livestock shows adhere to on the local, county, state, regional, and national levels.

The following practices or procedures are unacceptable and are defined as being deceptive, fraudulent, unethical, and inhumane in the care, fitting, preparation and showing of all classes of livestock. The use of any illegal drug is prohibited. Any substance used to phenotypically alter the appearance of an animal entered in livestock events is prohibited. (See Guideline #9). Proof of any animal being subjected to illegal and/or unethical practice(s) and/or procedure(s) described herein subjects the animal to immediate disqualification. The animal is ineligible for exhibition at any livestock show on the local, county, state, regional and national levels. The exhibitor will forfeit any premium, awards, or auction proceeds, and may be prohibited from future competition at livestock shows in Texas, as well as being subject to potential criminal prosecution.

The following is a listing of guidelines all 4-H/FFA exhibitors must follow to enter livestock at organized competitive events.

1. Exhibitors must be bonafide members of a 4-H Club or FFA Chapter in the state of Texas and care for their animals under the direct supervision of a County Extension Agent or Agricultural Science Teacher. Exhibitors must be enrolled in, and attending, public or private and/or home school elementary or secondary schools in Texas. Exhibitors must be in grades 3<sup>rd</sup> – 12<sup>th</sup> for the exhibition year.
2. 4-H members that plan to show horses at any of the twelve district and/or the Texas State 4-H Horse Show should submit a signed copy of this Ethics Policy with their entry forms. While items 3-9, listed below, do not apply to the horse project, there are specifics on ethics in the publication Texas 4-H Horse Show Rules and Regulations (AS 3-2.043) that do apply. The Texas State 4-H Horse Show and all of the district horse shows are conducted under the rules and regulations contained in this publication and 4-H'ers are expected to comply with those rules regarding ownership, management and treatment of horses. Horse validation deadline is May 1.
3. All exhibitors must have viable proof (Junior division) of ownership available to prove length of time animals have been owned. Market animals (Beef, Sheep, Swine, Goats) must be owned and under exhibitor's daily care by the following deadline dates: June 30 – All major Steers and State Fair Lambs, Goats, Swine; October 31 – Lambs and Goats; November 30 – Swine; to be eligible to participate at any major livestock show within Texas. This also includes all small market animals (Rabbits and Poultry). The official ownership date is the date shown on the bill of sale or receipt of sale, unless the animal was bred by the exhibitor, in which calving or birth records will be utilized. (Individual show rules may determine ownership requirements for non-market animals.) Registered breeding livestock must show the exhibitor as the sole owner of the animal on the breed association papers or certificates. Breeding animal validation deadlines dates: June 30 – Spring Heifer Validation; October 31 – Breeding Sheep and November 1 – Fall Heifer Validation.
4. **Exhibitors must continuously own and personally feed and care for their animal(s) throughout the entire feeding period. The feeding period begins with the species validation date through exhibition at all shows (exhibitors must provide continuous care for breeding heifers and sheep throughout the animal's eligibility to show). Prior approval must be granted by the "Species Specific County Level State Validation Committee" in the event the animal will be outside the direct care of the exhibitor for more than 48 HOURS. Exceptions may be made with approval from the "Species Specific County Level State Validation Committee". By signing this document, the exhibitor and parent/guardian, recognize his/her responsibilities for the feeding and care of livestock projects throughout the feeding period and hereby authorizes the State Validation Coordinator, supervising Agricultural Science Teacher /County Extension Agent and the "Species Specific County Level State Validation Committee" the right to inspect your livestock project(s) at any time during the feeding period with or without prior notice. Any exhibitor in violation of the feeding/care rule is subject to disqualification.**
5. **Animals validated for major shows may also be exhibited at other shows. Be advised, however, that if any validated animal is exhibited and SOLD at any other show, the animal will be ineligible to show at any subsequent major show. If ownership changes, regardless of method or length of time, that chain of animal ownership is considered broken.**

State validation deadline dates are as follows:

**State Fair and Heart of Texas**

June 30 for steers, heifers, lambs, goats and swine

**All Other Major Shows:**

June 30 for Steers

October 31 for Lambs and Goats

October 31 Breeding Sheep  
November 1 Breeding Heifers  
November 30 for Swine

Market lambs and meat goats that sell at the State Fair of Texas are not eligible for further competition or validation in October.

- 6. Any method used to misrepresent the age of an animal for a class in which it is shown is deceptive and considered a violation of the rules and guidelines.
- 7. Showing an animal for another individual by claiming ownership in order to show in a specific livestock class or event is prohibited. False ownership is a violation of the rules and guidelines.
- 8. Treating an animal internally or externally, with any irritant, counter--irritant, or other substance used to artificially change the conformation or appearance of an animal for show is considered unethical, inhumane, and is prohibited. This includes, but is not limited to the use of graphite, air, powders, hemp, artificial hair coloring, common products such as fly spray, ointment or liniment used to the point that is irritating, (unless required to reduce edema at time of calving) or similar type products. The use of dyes, spray paint or other artificial coloring which result in altering an animal's true and natural appearance and/or color is prohibited. Adding false hair or hair--like material, fleece, or skin at any point, spot or area of the animal's body is illegal and may result in immediate disqualification.
- 9. Surgery, injection or insertion of foreign material under the skin and/or into the flesh of an animal to change the natural contour, conformation or appearance of an animal's body is illegal. This includes vegetable oil, air, silicon or any other substance used to alter the shape of the animal. Acceptable practices of physical preparation which are allowed include, clipping of hair, trimming of hooves, dehorning, removal of ancillary teats, and docking of tails.
- 10. The use of inhumane fitting, showing and/or handling practices or devices shall not be tolerated.
- 11. The Administration of the Texas 4-H and/or FFA Programs reserve the final and absolute right to interpret these guidelines and to arbitrarily settle and determine all matters, questions, and differences in regard thereto, or otherwise arising out of or connected with or incident to "Texas 4-H/FFA Livestock Program Ethics Policy".

Any violation of the "Texas 4-H/FFA Livestock Program Ethics Policy" or specific rules as designated by individual fairs and livestock shows may result in forfeiture of premiums and awards, disqualification, and may result in probationary status and/or loss of eligibility for future participation in organized livestock competition. **Possible civil penalties may be imposed by the proper authorities based on evidence provided by the livestock show of exhibitors in violation of the Federal Food, Drug and Cosmetic Act/or the animal mistreatment, neglect, and abandonment laws that apply on the local, state, and/or national levels.** All rule violations will be dealt with on an individual basis by the "Specie Specific County State Validation Committee", the State Validation Coordinators, and/or appropriate livestock show officials.

I, the parent/guardian and exhibitor, am verifying that I have read the "Texas 4-H/FFA Livestock Program Ethics Policy" and understand the consequences of and penalties involved for illegal, unethical, inhumane, and unfair practices in livestock competition. I am also verifying knowledge that my family and I may be prohibited from future participation in organized validation programs in the State of Texas, and could face possible criminal prosecution and/or civil penalties if implicated in any of the aforementioned acts.

- Medication received prior to the show:** Animals under the care of a licensed veterinarian and/or taking any type of performance enhancing medication which may include, but is not limited to, steroids, diuretics, anti-inflammatories, tranquilizers and pain killers, **are ineligible for competition. Exhibitors with questions regarding medications and/or eligibility should consult with the Official San Antonio Stock Show & Rodeo Veterinarian prior to competition.** In instances where an animal has

been administered a drug that is FDA approved for its species, the exhibitor must be aware that the time it takes for all drug residue to completely clear the system **is generally longer than the labeled withdrawal time** for most drugs. SALE maintains a ZERO TOLERANCE POLICY for unethically fitted livestock. Adequate time must have passed so that the animal does not test positive for drugs upon arrival. Once the animals arrive on the SALE grounds, they must remain free and clear of all drug and chemical residues.

7. **Medication during the Show:** The Official Show Veterinarian Office is located at the North end of Cattle Barn #2. For the convenience of exhibitors, the San Antonio Stock Show & Rodeo arranges to have veterinarians available; however, they do not donate their services or medications. Fees should be discussed before treatment. **All medication administered during the livestock show must be administered by the Official San Antonio Stock Show & Rodeo Veterinarian** and a written medication record must be filed. Animals receiving performance enhancing drugs (including, but not limited to, steroids, diuretics, anti-inflammatories, tranquilizers and pain killers) in this manner are ineligible for competition. If drugs are used by an Official Show Veterinarian to treat a recognized disease in market animals, the withdrawal times listed by the drug manufacturer will be strictly followed.

## **JUNIOR SHOW RULES**

1. **Exhibitor Substitution:** Entries in the Junior Show must be shown by their owner. Exhibitor substitutions may be allowed under the following conditions. In all cases, the Department Superintendent must approve the exhibitor substitution and will do so only if all conditions are met. This request must be accompanied by a statement, signed by a Physician, on his/her letterhead. - The original exhibitor is the only exhibitor from that school, FFA Chapter, or 4-H Club entered in that Department.
